

Omega Code

Our good friend Marcelo Baldin (<http://combustion.ws/>) of Omega Code (<http://omegacode.net/>) invited us to create a poster for the upcoming album of the band. We were given complete creative freedom, the only request they had for every artist was to include the logo of the band at a preset position and size. Besides the posters, there is also upcoming book, that will be released by IdN World (<http://www.idnworld.com/>) this year. Check out some details of the massive illustration below.
